

# UPLIFT. DEFEND. TRANSFORM.

*In senior care, social workers are the bridge, connecting healthcare, families, and community resources to help older adults live safely with dignity and purpose.*

## Social Workers Transform Senior Care

### Uplift

- Empower seniors to age with dignity and independence.
- Connect families to critical resources and services.

### Defend

- Advocate for vulnerable older adults.
- Protect seniors from neglect, isolation, and inequity.

### Transform

- Guide families through complex care transitions.
- Strengthen community-based support systems.
- Improve outcomes through coordinated care planning.

## Partnering with social workers to support seniors at home
